## WORK EXPERIENCE

### Frontend Developer

#### Daya Consultancy Services (OPC) Pvt. Ltd.

Nov 2022 – Current

Bhubaneswar, Odisha

Within my **+1.5 years** of experience, I was included in several projects like :-

- Led the development of **E-Learning platform (Version 1)** with a responsive UI using Tailwind CSS, laying a strong foundation for user interaction and early adoption.
- Developed calendar logic and integrated APIs to track and display monthly hours worked, enhancing accuracy and efficiency. Implemented a user-friendly interface, meeting project objectives for the **Employee Timesheet**.
- Led the development and enhancement of an **E-Learning platform (Version 2)** using React.js and Context API, enhancing the UI and improving state management. Achieved a **30%** increase in user engagement and boosted user satisfaction through innovative front-end solutions.
- Developed an **Application Tracking System** frontend for consultancy purposes using Material UI and Redux, streamlining application management and enhancing recruitment team efficiency by **50%**.

### UI Developer

#### Eduzest Software Pvt. Ltd

May 2022 – Nov 2022

Bhubaneswar, Odisha

- Served as a UI Developer for **6 months** at Eduzest Software Pvt. Ltd., Bhubaneswar.
- Crafted engaging user interfaces with meticulous attention to detail using Figma.
- Collaborated with the development team to implement responsive and user-friendly designs.

## PROJECTS

### TeamSync (A Real Time Chatting Website)
